Dear Paul,

Happy New Year!

Thank you very much for the follow-up. Larissa and I went through the information provided on the USCIS website and decided that we will prepare the petition ourselves.

We really appreciate your help in the past and will continue to refer you to people in our network. (Also, please feel free to use us as a reference, or we would be more than happy to give you a testimonial, etc.)

Thank you.

**Subject:** Time to Remove Conditions of Residence

Dear Zoltan and Larissa,

I trust all is well with you. Please note that my records show that your Conditional Residence will expire on April 16, 2018. You will need to file a joint petition to Remove the Conditions of Residence. You can file the petition 90 days prior to this on January 16, 2018. Now is a good time to get started.

My fee to file the petition is \$950.00 plus \$100.00 for courier/copying/postage and the Government Filing Fee is \$680.00. The total is \$1,730.00.

Please advise whether you wish me to proceed with this Petition and I will advise you of my further requirements. I will need a deposit of \$500 to begin the process.

Regards,

Paul
