*Testimonial*

Good afternoon Paul

I hope your week is going great, I'm emailing you first to thank you for everything and your patience I'm so happy that everything went well and you were amazing with us

Second I have a question

I receive a weird phone call from this number +1-(903)-442-062 saying that my social security was supposed to be suspended due to suspicious activities, which I'm not sure if it's a scam, I haven't use my social or any of my documents for anything yet. I'm just double checking with you, we are going to Bahamas next Monday and I want to make sure I'm fine to travel

Let me know if I should do anything

Thanks again
