Tabitwa

---

Dear Paul,

I hope you are fine. Just wanted to inform you that I arrived yesterday evening. Once travel began, there was no hitch (there had been a ticket problem in Nairobi, but Delta resolved it). At airports, I would show them the I551 stamp when they asked for visa/green card, they didn't have a problem with it. No one at U.S Customs Border Protection inquired about my long absence. Although there was a delay leaving the Raleigh Durham airport after timely arrival, things were sorted out quickly without a search and I was welcomed home... had to do with tea and drinking chocolate I was carrying for my cousin. Family at home is doing okay. Hard as it was, we agreed it was more prudent for me to come back/not waste the opportunity of a GC. Thank you very much for everything you have done. May God bless you mightily. Have a good rest of the day.

Regards,

~~Tabitwa~~
