Hi Paul,

Here is the green card copies for your records.  
I just want once more to thank you for all your help and efforts to help me. I don't have words to describe how thank you I'm to you.

I have a question, can I go to Brasil right way ?  
My passport does not have my husband's last name which is [REDACTED]. I have only [REDACTED] (single name). Can that be a problem when I come back?

Thank you 😊

Best regards ,

[REDACTED]
