Hi Paul,

I have a question for you too, based on some excellent news :) I'm now a US citizen!!! Thank you so much, you were with me from the beginning of this very long journey (because it was interrupted by school twice), and I'm finally there!! :) I'm planning to send you a little gift to say thank you, because it really means so much to me. Your advice was always good.

Now we're trusting you to get ~~_____~~ there as well! :)
